History

Established in 1964, Nedra Publishing has a rich history in the scientific and technical literature and high-quality B2B magazines industry.

Our Mission

↖ We create a scientific and business learning environment in the sphere of subsurface resources

↖ We develop responsible, thoughtful leaders, industry experts and entrepreneurs

↖ We expand the frontiers of industry knowledge and influence education process and business practice

Nedra Publishing Awards

1979 — Order of the Badge of Honor for the prolific work.

1997 — Award of All-Russian Book Art Contest.

2001 and 2003 — Best Books of the Year Award by Book Publishers Association of Russia.

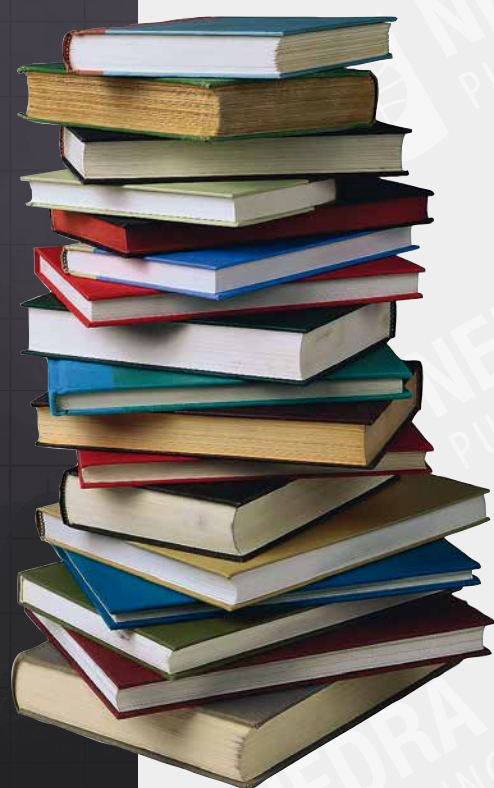

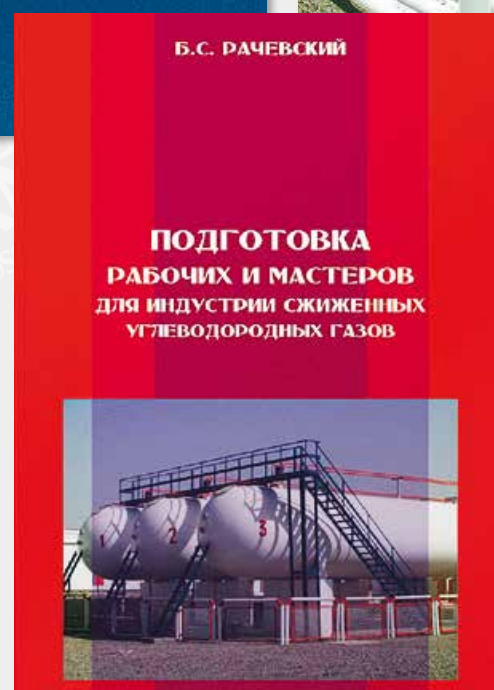

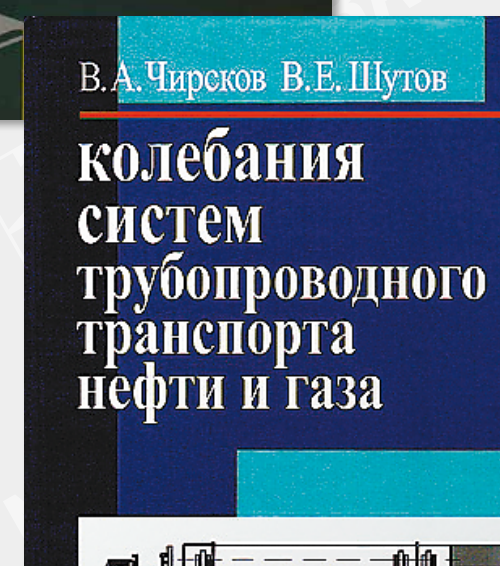

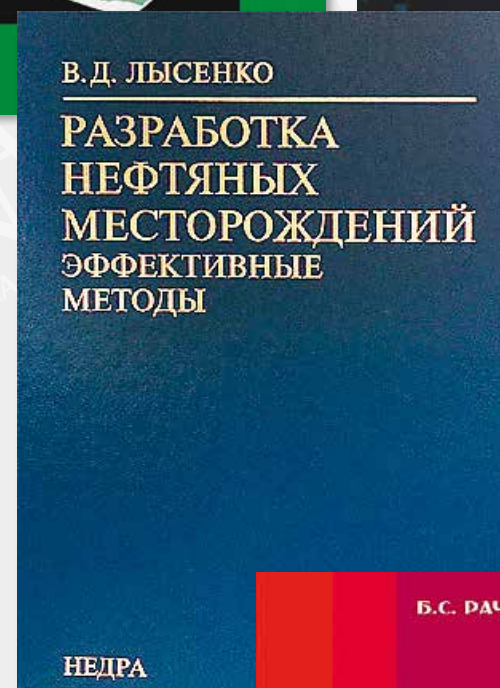

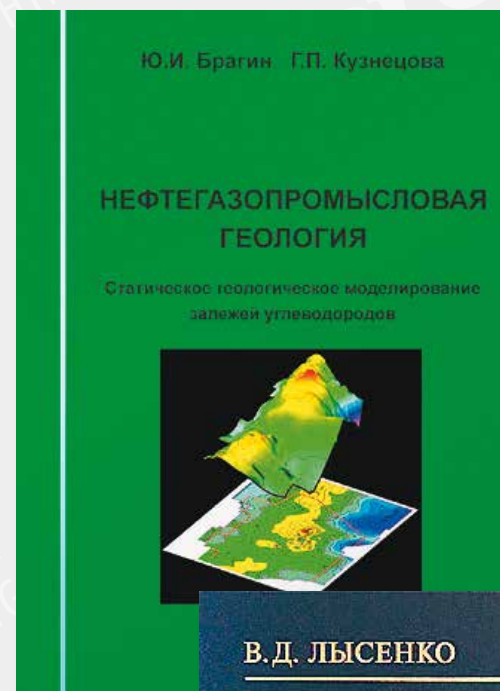

2006 — Best Books of the Year Award by BPAR.

Among award-winning books are such masterpieces as “History of the Diamond”; “Development of Low-productive Oil Deposits”; “Gravity and Magnetic Surveys. Key Concepts, Terms and Definitions”; and many others.

The Wind of Change

- ↖ **Worldwide strategic partnership**
- ↖ **Exclusive licenses. We publish Russian versions of Oil & Gas Journal (est. 1902) and Offshore (est. 1954) under licenses of PennWell**
- ↖ **Brand new cutting-edge technology www.ogjrussia.com, www.offshore-mag.ru**
- ↖ **Custom publishing. The fastest way to reach your target audience in Russia**
- ↖ **Special projects. Special comprehensive reviews on geo-physical services, oil services, oil refining, pipeline transport, gas processing and other. Joint projects with oil & gas majors**

Oil & Gas Journal Russia

↖ USA/1902: Oil & Gas Journal 1st publication and since then the unbeaten leader in the oil & gas media industry worldwide.

↖ Russia/NOW: Oil & Gas Journal Russia is the leader in Russia and CIS countries as the oil & gas industry publisher, appreciated for international news, analytical, technological and scientific articles, market reviews, statistics and other.

Offshore [Russia]

USA/1954. The first trade publication – everything you need to know on offshore hydrocarbon reserves exploration and production worldwide.

A crucial answer to scientific, technical and business communities' request of Russia and other countries on the offshore petroleum resources of our planet.

Nedra Translation agency

- ↖ Since 1964, Nedra Publishers has been providing exceptional translation services to its clients in multiple language pairs via its Translation agency.
- ↖ To ensure the highest level of our translation, we develop each project with native speakers of the target language and highly qualified translators with vast experience and advanced education in a wide range of disciplines. Each document is translated, proofread, formatted and edited before reaching our client's desk.
- ↖ Nedra Translations also proudly provides professional interpreters to meet our clients' needs in any location worldwide, including on-site coordination and interpreting equipment. Whether a client requires simultaneous interpretation for large conferences or consecutive interpretation for depositions or meetings, that client must have complete confidence in their interpreter's skills.
